

**TODAY'S LESSON IS ENTITLED:
"COMPLETE WITH INSTRUCTIONS"**

Myrtle Fillmore: "The human believes in limitations...we rise out of these limitations and boundaries by degrees. As we learn how to use these qualities and powers in divinely ordered ways, we are ready to let down the walls of separation."

Desmond Tutu: "Do your little bit of good where you are; it's those little bits of good put together that overwhelm the world."

Theodore Roosevelt – "Keep your eyes on the stars, and your feet on the ground."

Denis Waitley – “You must look within for value, but must look beyond for perspective.”

Carl Jung: “Your vision will become clear only when you look into your heart... Who looks outside, dreams. Who looks inside, awakens.”

Finally, from Charles Fillmore: “The problem before man in the present race consciousness is how to get back to the “Father's house,” in which is inexhaustible abundance...then let us turn our attention within; by traveling for a season in that direction we find the source and substance of life.
