TODAY'S WORD: Mother

AFFIRMATION: I honor the presence and power of the Divine Feminine in me, that lovingly mothers and nurtures my unfolding Divine good.

There is a mother spirit at the very heart of our universe. Even as we think of God we think in terms of a Divine Father -Mother. This mother principle is that which nourishes, sustains, feeds, tends, and holds together.

On this day, which we are dedicating to all mothers, birth mothers and surrogate mothers, everywhere. Let us remember that we are honoring the mother spirit that is such an important part of this world in which we live. Let our first thoughts be of our physical mothers; then let our thoughts reach out to all those who have mothered us throughout our lives.

In some cases our mothering has come through a father; in other cases our mothering has come through some dedicated person a teacher, nurse, or friend. Let our thoughts today be thoughts of gratitude for this wonderful mother -love, which has nourished and sustained us.

In honoring the Divine Mother we recognize our own ability to mother others. This mother -love is an expression of God's love, which now we are able to give back in some measure through our mothering of those who need our love and our thoughts.

SACRED TEXT: Exodus 20:12 - "Honor your father and your mother, that your days may be long upon the land which God is giving you."
